VISMAYA V

CYBERSECURITY ANALYST

Palakkad, Kerala vismayakudallur@gmail.com @vismayaav
vismaya-7.github.io/portfolio

SUMMARY

Threat Intelligence Analyst with 2.5 years of experience in OSINT investigations, deep/dark web monitoring, threat analysis, and reporting. Skilled in gathering intelligence from multiple sources, monitoring security events, conducting detailed research, and producing actionable threat intelligence reports. Strong interest in SOC operations,Threat Intelligence and Cyber Threat Research, with a continuous focus on learning and expanding cybersecurity expertise.

WORK EXPERIENCE

Cyber Threat Intelligence Analyst , Technisanct | 05/2024 - Present

• Monitored ransomware groups, data breaches, source code leaks, and threat actor activities across dark web forums and social media platforms.
• Conducted OSINT and dark web investigations to identify, validate, and analyze emerging threats, including malware, phishing campaigns, credential exposures, and APT activities.
• Collected and enriched intelligence from open-source feeds, government advisories, industry reports, and underground sources to support threat investigations.
• Performed threat actor profiling, tracked adversary TTPs, and investigated ransomware and data breach claims.
• Produced threat intelligence reports, alerts, and analytical briefings for **FalconFeeds.io**, while contributing to real-time threat updates across social media platforms.
• Lead shift operations by assigning tasks, reviewing intelligence deliverables, supporting incident response activities, mentoring team members, and escalating critical threats.

Threat Intelligence Analyst Intern , Technisanct | 10/2023 - 04/2024

- Monitored hacker forums, ransomware leak sites, and threat actor communities to identify emerging threats and contribute intelligence to FalconFeeds.io.
- Assisted senior analysts by preparing research briefs and reports on evolving cybercrime trends.

EDUCATION

Diploma in Cybersecurity **05/2023 - 09/2023**
Soften technologies

Bachelor of Science in Computer Science **07/2020 - 04/2023**
Calicut University

PROJECT

Assessed **Neokred's** systems to identify potential security gaps and threats. Also created cybersecurity awareness content for internal teams. Gained practical hands-on experience in the fintech security domain.

ADDITIONAL INFORMATION

- **Technical Skills:** Cyber Threat Analysis, OSINT Investigations, Dark Web Monitoring, Vulnerability Assessment, Incident Response, Google Dorking, SIEM, Network Security, Incident Documentation, Malware & Ransomware Tracking, APT Research, Investigate IOC's, OWASP, MITRE ATT&CK, GitHub.
- **Tools:** ANY.RUN, Hybrid Analysis, VirusTotal, Shodan, Wireshark, Nmap, Censys, Jira, URLScan.io,Microsoft 365, AbuseIPDB, Maltego and SpiderFoot
- **Blogs: https://medium.com/@vismayav**
- **Languages:** English, Malayalam, Tamil
- **Certifications:**
  arcX Cyber Threat Intelligence 101 Course (01/2024) | ID: 95985e9b38b8f45e7ee7a05bc90763ea1bcec7bf
  Cybersecurity Foundation Professional Certificate (CyBOK v1.0) (01/2023) | ID: 54499045
